

Pawling Cycle & Sport

Team Membership Racer Contract - 2008

Rider Responsibilities:

1. Participate in designated team activities as determined by team manager at least twice per year. (Events may include group ride, team meeting, team participation at a race etc.)
2. Participate in at least five (5) total races per year. Entry fees from all USCF, MTB, and USAT sanctioned races will be considered for reimbursement. Keep a resume of your races and entry fees for the season to be presented to executive board at least one week prior to the end of the season team party.
3. Riders that fulfill the race requirement will receive a percentage of their entry fees in compensation. The payout will occur at the end of season team party. Amount of compensation to be based on (but not limited to) club annual profits from sponsored events, racer contested events entry fees, and racer finishing position in contested events.
4. Team members must submit race results monthly to their team manager, and all entry fee expenses (resume) one week prior to the end of the season team party to be eligible for reimbursement. (Late fees are not eligible for reimbursement nor are races that result in a Did Not Finish (DNF) or other disqualification.)
5. Team members must participate in planning and/or execution of PCS races.
6. All team members shall make every effort to attend team meetings on race day or otherwise discuss race strategy with the team manager in the week prior to the race.
7. New PCS race team members will receive a discount on their current race kit along with their team membership.
8. Wear current team jersey in all races and for training rides which take place in the Hudson Valley. This includes Road, MTB, Cross, Tri and Dual races.
9. All PCS club members receive a 10% discount on anything in the Pawling Cycle & Sport store. PCS race team members receive a 15% discount on anything in the Pawling Cycle & Sport store.
10. Promote our local sponsors to family, friends and colleagues.
11. Inappropriate behavior will not be tolerated amongst team members. This includes, but is not limited to, bad sportsmanship, arguing with race officials or other racers, public profanity or disobeying any other rules specified by the race promoter.
12. The PCS executive board reserves the right to enforce category upgrades for racers to protect the integrity of the team.
13. Club dues must be up to date for a member to be considered an active team member. Returning team members are asked to be paid up by the end of January
14. Failure to adhere to aforementioned voids this rider contract and all benefits attached.

In addition to meeting these club requirements, teams may have more specific criteria governing club member inclusion in a team. Club members must apply for membership on a team which will be reviewed by the team captain and members. Consult the specific team manager for details.
